Specifications

Coorong Pavilion has been transformed from a former basketball stadium into a venue suited to a variety of event styles. With a permanent parquetry floor it lends itself to hosting Gala Dinners with the provision of an instant dance floor.

Conference Centre has just completed a major refurbishment and re-opened on 29 July 2013. The new design provides all the conveniences a conference facility needs with modern finishings. Complete with a purpose built registration desk/ticket booth and adjoining secretariat, the Conference Centre offers up to 4 meeting rooms ranging in size. The direct access to the main kitchen makes this an ideal conference or dinner venue with a range of catering styles and options available.

Budawang Pavilion offers the largest clear span exhibition space in the Territory. The size and versatility make it an obvious choice for staging Exhibitions, Gala Dinners, Conferences and Special Events.

The Terrace is a popular meeting space at Exhibition Park and is regularly used by corporate clients to facilitate small meetings and conferences. Come dusk it hosts a number of corporate cocktail parties and sit down dinners. The floor to ceiling windows overlooking the lush green Arena offer natural light not often available in a function space and the external viewing deck creates an elegant transition for an indoor/outdoor function.
